Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant requested interview to discuss the claimed invention, directing said limitation toward the invention viewpoint, such as Binary diff to identify new material, and parsing only the new material to form AST nodes for new contents; also pointing out that in the Office Action dated 07/26/2007 one of claim 1 limitation was omitted. Examiner would like to thank you Mr. Lanza and Mr. Bush for a very informative interviewed, and also explained the Examiner's position and advised Applicant's attorneys that arguments are noticed. It appears one of claim 1 limitation was not examined in the Office action dated 07/26/2007, therefore further search and consideration will be considered upon submission of an official amendment.
